

Parth Trivedi

Associate Software Engineer

Parthtriv2011@gmail.com

Summary

- Dedicated and adaptable **Full Stack Software Engineer** with hands-on experience in **.NET Core, C#, AngularJS, React.js, Next.js, and Node.js**, along with exposure to **AI-powered systems, streaming technologies, and cloud integrations**.
- Currently contributing to **enterprise-level projects** using **AngularJS** for dynamic front-end development and **.NET Core (N-Layer Architecture)** for scalable back-end solutions.
- Recently entrusted with **Scrum Master responsibilities**, demonstrating strong leadership, task management, and team collaboration skills.
- Passionate about delivering high-quality solutions, learning emerging technologies, and driving continuous improvement in both process and product.

Certifications

- **AI Tools Workshop ONLINE | *be10x*** - 2025
- **HiveMQ Certified MQTT v3.1.1 Expert** - 2025
- **HiveMQ Certified MQTT v3.1.1 Professional** - 2025
- **HiveMQ Certified MQTT Associate** - 2025
- **The python Bible™ | Everything You Need to Program in Python** - 2022
- **TCS Career Edge - Knockdown the Lockdown Batch 01 ONLINE** - 2021
- **Intercollegiate Technical Module (Web Designing and Oracle) INTERCOLLEGE** - 2019

Key Skills

- **Programming Languages:** C#, C++, Java, Python, JavaScript
- **Frameworks & Libraries:** .NET Core, .NET Core MVC, AngularJS, React.js, Next.js, Node.js
- **Web Technologies:** HTML, CSS, ES6, Bootstrap, Tailwind
- **Database Management:** MySQL, SQL Server, PostgreSQL
- **API Development:** RESTful APIs, CRUD Operations, N-layer Architecture
- **Cloud & DevOps:** Azure DevOps, Git
- **Camera & Streaming Tech:** FFmpeg, MQTT, MediaMTX, Raspberry Pi, ONVIF Protocols, Motion Detection, PTZ Control, Video Recording
- **AI & Cloud Integrations:** AWS Bedrock, Amazon Rekognition (POC), OpenCV Integration
- **Methodologies:** Agile, Scrum, Waterfall
- **Other Skills:** UI/UX Development, Application Testing, Deployment, Task Estimation, Cross-team Collaboration

Operating Systems

- Windows, Linux

Professional Experience

- Associate Software Engineer at Triveni Global Software Services LLP – *January 2024 to Present.*
 - Angular Developer at Bigscal Technologies Pvt. Ltd. – *January 2023 to December 2023*
-

Education

Master Of Computer Application Degree (MCA)

Sarvajanik College of Engineering and Technology (SCET) - Surat, Gujarat - 2023 - 8.7(CGPA)

Bachelor of Business Administration – Computer Application (BBA-CA)

Smt. Kashibai Navale college of Commerce - Pune - 2021 -79.3%

Higher Secondary School Certificate (HSSC)

The Bhawanipur Gujarati Edu. Society School - Kolkata, West Bengal - 2018 - 66.2%

Secondary School Certificate (SSC)

The Bhawanipur Gujarati Edu. Society School - Kolkata, West Bengal - 2016 - 75.6%

Employment History

Associate Software Engineer

Triveni Global Software Services LLP – Surat (Present)

Current Projects: Full Stack Development & Scrum Leadership

- Developing and maintaining enterprise applications using AngularJS (front-end) and .NET Core (N-Layer Architecture) on the back-end.
- Designed RESTful APIs, optimized database queries, and implemented role-based authentication.
- Enhanced UI/UX with responsive and reusable AngularJS components.
- Collaborated cross-functionally with QA and DevOps teams for smooth integration and deployments.
- Serving as Scrum Master, facilitating daily stand-ups, sprint planning, retrospectives, and ensuring adherence to Agile principles.
- Tracking team progress, identifying blockers, and maintaining sprint goals through Azure DevOps.

Previous Work: Camera Streaming & AI Integration

- Designed and implemented a camera streaming system using FFmpeg, MediaMTX, MQTT, and Raspberry Pi, orchestrated via Node.js.
- Integrated AWS Bedrock (GenAI) for advanced camera analytics and intelligent event handling.
- Automated multi-camera discovery using ARP and MQTT messaging for dynamic setup.
- Added motion detection, PTZ (Pan-Tilt-Zoom) control, health monitoring, and motion-triggered recording features.
- Developed modular services for recording, event handling, and real-time monitoring.

Earlier Projects (.NET & Front-End Development)

- Completed training in .NET Core MVC and built CRUD-based demo projects.
- Worked on client-server applications with N-Layer Architecture and RESTful API integration.
- Led React.js and Next.js project modules involving API mapping, Mailgun (email), and Azure Blob Storage integration.
- Supported .NET Core MVC projects, handling both front-end and back-end development.
- Managed project workflows, version control, and CI/CD pipelines using Azure DevOps.

Angular Developer

Bigsca Technologies Pvt. Ltd. – Surat (Jan 2023 – Dec 2023)

HealthCare Project (5 months)

- Actively participated in the creation of modules, API binding, and addressing CSS-related tasks for a medical project.
- Used **Angular 14** and **Bitbucket** for version control.
- Collaborated with cross-functional teams to deliver milestones, maintaining the application's development and maintenance lifecycle.

Support Portal Project (1.5 months)

- Contributed to a project focused on industrial solutions using **.NET Core**, **Swagger**, **MySQL**, and **JWT**.
- Authored work plans, performed feasibility analysis, and collaborated with senior developers.

HandsOut Project (2 months)

- Worked on a philanthropy-oriented project, implementing features with **.NET Core**, **Swagger**, and **SQL**.
- Delivered scalable and robust microservices and participated in **Agile** Sprints.

Academic Projects:

- **Restaurant Management System** (5 months)
 - Developed an online table booking, menu referencing, and restaurant review website.
 - Involved in **Analysis**, **Design**, and **Implementation** using **Laravel** and **MS Access**.
 - Wrote user documentation for the application.
 - **Auto-Sync** (4 months)
 - Developed an Android application for auto-syncing files from the phone to cloud storage.
 - Led end-user requirement gathering and documentation.
 - Worked in a small team of 2 developers.
-
